85, 115 and 150 cm incl. border.

### Standard Length

up to 400 cm

Overlength up to 650 cm

### Iron-Horse® XL – Proven quality with more horse power!

For especially high standards we made the Iron-Horse® more powerful and efficient – called the IRON-HORSE® XL! The new Iron-Horse® XL provides more durability and more moisture control due to its luxurious deeper pile fabric. In addition to being a dust and moisture magnet the XL can cope with higher levels of foot traffic and provide safer drier floors. Due to the additional oil and grease resistance even strong dirt cannot touch the strongest horse in the stable!

### Advantages

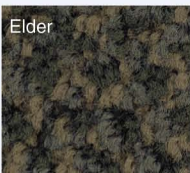

The new Iron-Horse® XL is available in 7 different colours and like the Iron-Horse® washable up to 60°C due to its nitrile rubber backing. The fabric is made of 100% solution-dyed nylon, which guarantees fibre colour durability – guaranteed for 11 years by Kleen-Tex.

### Features

Pile:	High-Twist Nylon (HTN) – solution dyed
Backing:	100% Nitrile Rubber
Pile Height:	ca. 12,5 mm
Total Mat Height:	ca. 13,5 mm
Total Mat Weight:	2,7 kg/m <sup>2</sup>
